

Washington DC Fly-In

September 17-19, 2024

It's a major year for infrastructure at the federal level! We have a once-in-a-generation opportunity to realize significant increases in federal dollars for critical transportation projects here in Minnesota.

Come learn the latest about the Infrastructure Investment and Jobs Act (IIJA) Implementation including important information about new discretionary grant programs and eligible projects.

We provide updates from DC experts and assistance in arranging one-on-one meetings with staff and members.

Our Transportation Alliance Fly-In is the longest running event of this kind and we bring representatives of local government, the transportation industry, transit systems, labor and other advocates together to jointly advocate for transportation needs in Minnesota.

September 17th

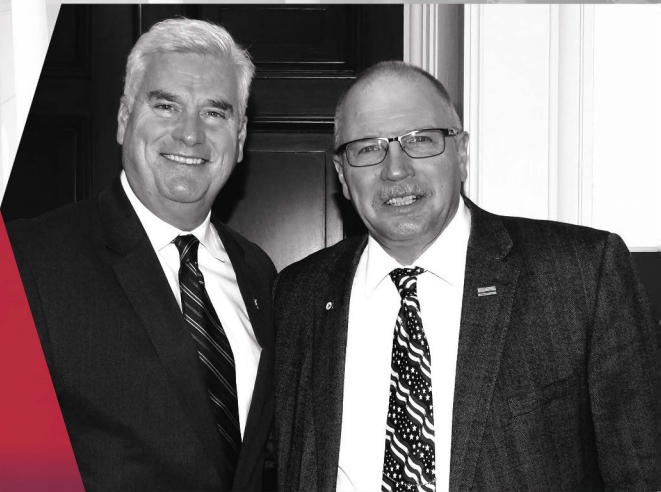

- Orientation and Welcome Reception
5-6 pm

September 18th

- Breakfast with Congressional Delegation
- Appointments with Members and Staff
- Dinner and Networking

September 19th

- Breakfast with MnDOT
Commissioner **Nancy Daubenger** and Met Council
Chair **Charlie Zelle**
